

# Download the Parent Cue App

The Parent Cue App is designed to help every parent do something each week to help move their child toward a deeper faith and a better future.

## Introducing Cues

As a parent, some of the most important things you do for your child don't happen in a single day. You make small deposits in their life week after week—over time.

That's why the Parent Cue App gives weekly cues to help you make the most of the time you spend with your kid or teenager.

Easy encouragements to help your child start their day.

Great reminders for ways to end the day on a great note.

When you need something meaningful to talk about on the way to soccer practice.

Timely help for those moments that take you by surprise.

Conversation starters as you grab tacos in the drive thru or burgers around the table.
